

Connected Company
by Dynamic Digital Advertising, LLC.

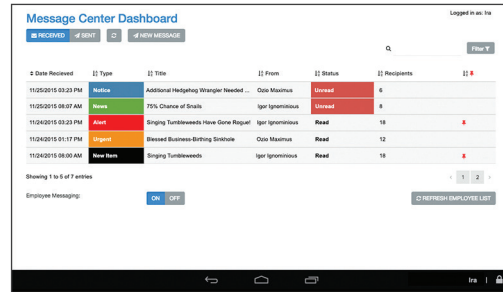

First there was snail mail. Then there was email. Now there is POS mail.

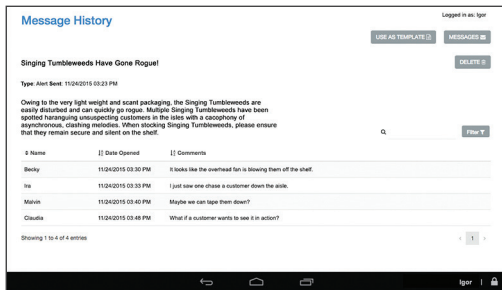

Connected Company is an internal communication system that connects your company like never before. Easily and securely send messages, warnings, alerts, and policy or product information to any individual, role, or the entire company, and have proof it was opened and read while retaining full control through a wide variety of permission options.

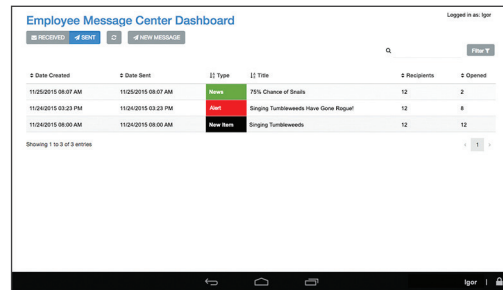

Send Messages to All Staff, Roles or Individuals. Use the Preset Title Categories. Effectively Introduce New Products or Services.

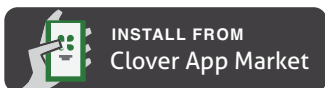

Improve Revenue. Effectively Introduce New Products and Services. Create an Employee Suggestion Box. HIPAA Compliant.

Choose to allow Employee Feedback. Help Employees and Managers Communicate. Connect your Employee Community.

View Opened and Read Statistics. Sort Messages by Date/Type/Role. Have Proof that Warnings or Alerts Are Read by Employees.
