

Drink Exchange  
by JDP Worldwide

## THE EXCHANGE - Turns a bar into a stock market - Drinks prices rise and fall based on what is bought!

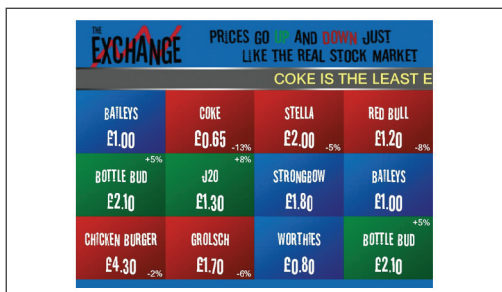

*THE EXCHANGE is a system which links together your Clover POS and TV screens to create a virtual stock exchange within your bar. Prices are displayed on your TV's and rise and fall every few minutes based upon what your customers are buying. It allows you to hugely increase and manipulate sales, whilst under the guise of great interactive fun for your customers.*
